

Municipality of Trent Lakes
Application for Minor Variance or Permission
(Under Section 45 of the *Planning Act*)

Requirements for Complete Application:

It is the responsibility of the property owner or owner's agent to ensure accuracy and completeness of the application and to supply all plans necessary. No application shall be deemed complete by the Planning Technician until all the prescribed information is received.

- Original of the completed application form
- Authorization form (if applicant is not the property owner)
- 1 copy of the site plan/sketch (digitally if possible, see site plan requirements for details)
- 1 copy of the survey plan or Surveyor's Real Property Report (if proposed development is located within 30 m of the high water mark)
- Any other background reports or plans as required during pre-consultation
- \$750 Application Fee (cash, debit or cheque payable to the Municipality of Trent Lakes)
- \$500 KRCA Review Fee (applicable in KRCA Regulated Area ONLY)

Applications must be completed in **dark blue or black ink only** – do not use pencil. If submitting photocopies of your application, the **original copy must also be filed**.

The following application form sets out the information that must be provided by the applicant, as prescribed in the schedules to Ontario Regulation 200/96 made under the *Planning Act*. It also sets out other information that will assist the Municipality and others in their evaluation of the application. To ensure the most complete review, this information should be submitted at the time of application. As part of the required information, a sketch is required and should be drawn in accordance with the site plan requirements contained herein. In the absence of this information, it may not be possible to do a complete review within the legislated time frame for making a decision. **If the requested information, including the sketch and fee, is not provided, the Municipality will return the application or refuse to further consider the application until the information, sketch, plan and fee have been provided.**

Note to Applicants:

Pre-consultation with municipal staff to discuss your proposal is strongly recommended. In some cases, it may be appropriate to obtain professional services to assist you with the completion of your application. In this form the term "subject land" means the land that is the subject of the application for a minor variance or permission.

Submission Deadline:

Please be advised that a complete application must be submitted at least **30 days** prior to the next Committee of Adjustment hearing. Hearings are scheduled for the first Tuesday of every month, except after a statutory holiday Monday, where the meeting is held the second Tuesday. Proposed buildings/structures must be staked out on the subject lands at least **10 days** prior to the hearing.

Please make an appointment 48 hours prior to submission in order for a staff member to review your application and/or commission your signature. The Planning Technician is available on Monday through Friday during regular office hours 8:30 a.m. to 4:30 p.m. by telephone (705-738-3800 ext. 234), or by appointment.

Minor Variance Application Process:

Section 45(1) of the Planning Act, R.S.O. 1990,c.P.13, as amended, authorizes the Committee of Adjustment to approve minor variances from the provisions of the by-law, in respect of the land, building or structure or use thereof, as in its opinion is desirable for the appropriate development or use of the land, building or structure, if in the opinion of the Committee the general intent and purpose of the by-law and of the official plan, if any are maintained.

Once an application for a minor variance is received and the application is considered complete, a notice of hearing is drafted by the Planning Technician, posted on the subject lands at least 10 days prior to the meeting and circulated to all property owners within 60 metres of the subject lands. The notice is also circulated to all applicable agencies and public bodies in accordance with the regulations under the Planning Act.

At the Committee of Adjustment hearing, the Committee will hear all pertinent information about the application, correspondence received, planning report and comments from the attending public. The hearing for the application is a public and open process with all decision being made in open session at the meeting with the applicant informed of all decisions and conditions imposed on the application. A copy of the decision is then mailed to the applicant and/or property owner within 10 days. Anyone wishing to be notified of the decision must make a written submission to the Secretary-Treasurer of the Committee of Adjustment at the address listed below.

The public has a total of twenty (20) days from the date of the decision to make an appeal of the decision of the Committee of Adjustment to the Land Planning Appeal Tribunal (LPAT) by filing a written Notice of Appeal setting out the objection(s) to the Decision and the reasons in support of the objection. Appellants must use the "Appellant Form A1" available from the Environment & Land Tribunals Ontario website at elto.gov.on.ca or the Planning Department at the address noted below. Each appeal shall be accompanied by payment of the prescribed LPAT Hearing Fee of \$300.00 for the first appeal in the form of a **certified cheque or money order**, made payable to the **Minister of Finance**. Each appeal **must** be filed with the Secretary-Treasurer of the Committee of Adjustment either personally or by registered mail at the address listed below:

Secretary-Treasurer, Committee of Adjustment
Municipality of Trent Lakes
760 County Road 36
Trent Lakes, ON K0M 1A0

If the Committee reaches a decision on an application and the time for appeal has lapsed without the municipality receiving an appeal of the application, the decision of the Committee of Adjustment becomes final and binding. The applicant will be notified in writing or by email (if provided) when the appeal period has expired.

All conditions imposed by the Committee of Adjustment on a minor variance must be completed within the timeframe outlined in the condition to the satisfaction of the Building and Planning Department, but at no cost to the Municipality. Once all conditions are completed, the minor variance is in full force and effect.

Application Fee:

A **\$750** application fee is required to process an application for Minor Variance. The application fee covers all staff time and mailing costs related to the application. If the subject lands are under the jurisdiction of the Kawartha Region Conservation Authority, an additional **\$500** review fee is required (paid by cheque made payable to 'Kawartha Conservation').

Site Plan Requirements:

The application must be accompanied by a site plan/sketch drawn to an appropriate scale showing the following (this is not an exhaustive list, for reference only):

- Boundaries and dimension of the subject lands
- Location, size and type of all existing buildings and structures
- Location, size and type of all proposed buildings and structures
- Setbacks of the buildings and structures from the front, rear and side lot lines
- Setbacks of the buildings and structures from the high water mark (if applicable)
- Approximate location of all natural and artificial features on the subject lands and on land that is adjacent to the subject land that, in the opinion of the applicant, may affect the application, such as buildings, roads, watercourses, drainage ditches, river or stream banks, wetlands, wooded areas, wells and septic tanks, tile beds, utilities (e.g. overhead hydro lines or buried cables), retaining walls
- Current uses on land that is adjacent to the subject land
- Location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way
- If access to the subject land is by water only, the location of the parking and docking facilities to be used
- The location and nature of any easement affecting the subject land
- All present and proposed entrances and culverts onto the subject lands
- All proposed loading and parking areas or waste disposal areas (commercial/industrial only)
- Location of any agricultural buildings capable of housing animals, if the buildings are located within 500 metres of the subject lands
- North arrow

Measurements on the sketch shall correspond to those identified in the application. Photocopies of your survey, if you have one, should be used. If no survey is available, a detailed, to-scale, hand-drawn sketch is acceptable. **In some cases, it may be appropriate to obtain professional services to determine the accuracy of your property dimensions.**

Please Note: As of April 1, 2016, the Municipality of Trent Lakes will be amending the application process for building permits, Minor Variances, and Zoning By-law Amendments by requesting a survey for any construction (not including a sewage system) within the 30 meter water yard setback. This survey is to be prepared by an Ontario Land Surveyor. If the application is to rebuild on the same footprint, the Chief Building Official may allow a Surveyor's Real Property Report in lieu of a survey. If the property is located on any body of water governed by the Trent Severn Waterway, a flood contour line is to be added to the survey.

Notice of Collection Personal information contained in this form and schedules collected will be used in the administration of the application and information contained herein may be available to the public in accordance with the provisions of the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA). Questions regarding this collection and its release under the Act should be directed to the Municipality of Trent Lakes, Attention: Clerk, 760 County Rd 36, Trent Lakes, ON K0M 1A0, telephone 705-738-3800 ext. 240 during business hours.

14.2 Acknowledgement Regarding the Endangered Species Act (ESA), 2007

The Endangered Species Act (ESA), 2007 came into force on June 30th 2008. The ESA prohibits harm or harassment of endangered and threatened species. The act also provides for immediate habitat protection for some endangered and threatened species with a phased in approach to habitat protection for all endangered and threatened species by 2013. It is the responsibility of landowners and those conducting activities which could impact species at risk or their habitat to show due diligence under the Endangered Species Act. MNR recommends a species at risk site assessment be done to determine if proposed activities would impact species at risk. Feel free to contact the Bancroft District Species at Risk Biologist for information on which species may occur in a given area and for advice regarding site assessments. They can be reached at 613-332-3940. More information on species at risk is available at <http://www.mnr.gov.on.ca/en/Business/Species/>

I/We, _____, being the registered owner(s) of the land that is the subject of this application for minor variance, have read the acknowledgement above and understand the information contained herein.
