

Notice of Construction County of Peterborough for the Rejuvenation of County Road 36

Please be advised that the County of Peterborough (County) is proceeding with a pilot project including the use of Rejuvenite of County Road 36 as shown in key map below.

Who has been awarded the construction contract?

The County has awarded the construction contract for the rejuvenation of County Road 36 to Miller Paving Limited.

When will the work happen?

The rejuvenation will commence on Thursday September 26th, 2019 and will be completed by the end of day on Friday September 27th, 2019.

How will my home or business be affected?

To accommodate the rejuvenation process, it will be necessary to close one lane of traffic during the daytime working hours using a flag person. At the end of each working day and/or during non-working times, both lanes of traffic will be re-instated. Temporary short duration closure of driveways may be necessary to facilitate the work and the contractor will try to minimize the length of duration when possible.

Who do I call if I have a question or concern?

If you have any questions regarding the project, contact the following:
