Purpose and Effect of the Zoning By-Law Amendment

The property is currently zoned "Shoreline Residential (SR)" in the Municipality's Comprehensive Zoning By-law No. B2014-070, as amended. The purpose of the application is to rezone the property to a "Shoreline Residential - Exception Zone" to permit the expansion of a single detached dwelling, having a combined ground floor area of 377 sq. m. (4,058 sq. ft.) and gross floor area of 502 sq. m (5403.5 sq. ft.). The applicant is requesting the following relief from the Zoning By-law:

- An increase to the as-of-right expansion provision for non-compliant dwellings, which is 25% of the existing ground floor area of 160 sq. m (1,726 sq. ft.) to an approximate 135% increase for the expanded dwelling resulting in a ground floor area of 217 sq. m (2,333 sq. ft.); and
- A recognition of the current encroachment by the dwelling into the 30 m (98.4 ft.) minimum water yard setback. The current dwelling is located 14.38 m (47.18 ft.) from the high water mark and the proposed additions will not create a new encroachment into this existing setback.

The applicant has submitted the following information and reports, which are available for public review at the municipal office during regular business hours and on the website under the "Current Planning Applications" tab:

1. Surveyors Real Property Report created by Beninger Surveying Ltd
2. Site Plan and Design Drawings created by Arcalogix
3. Stage 1 Stage 2 Archaeological Study created by Ironstone Archaeology
